

Spectral Flow Cytometry Symposium

Unmixing the future of cytometry

11th - 12th July 2023

Babraham Institute, Cambridge, UK

Showcasing the latest
spectral methods
and technologies

Join us for talks on **panel design**,
instrument set-up, **data analysis** and
presentation of data, in addition to
interactive practical sessions on all
commercially-released spectral flow
cytometers:

- BD Discover S8
- Cytek Aurora
- Cytek Aurora CS
- Sony ID7000
- ThermoFisher Bigfoot

Symposium supported by:

Dr David Novo
*De Novo Software by
Dotmatics*

Dr Florian Mair
ETH Zürich

Dr Joanne Lannigan
*Flow Cytometry Support
Services, LLC*

Dr Pratip Chattopadhyay
Talon Biomarkers

Dr Oliver Burton
*Babraham Institute
Uni of Cambridge*

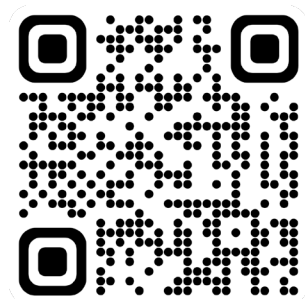

Dr Sophie Novault
Institut Pasteur

Dr Yacine Kharraz
Cytek Biosciences
